Requirements:

* Reveal Sound Spire synthesizer Ver. 1.1.14 Or Higher;

Sound Design
By Vladimir Andreev

We invited the famous composer **Peter Irock** to test the collection of presets **TANTRA**. And this is what he writes to us about this:

"..Tantra is an incredible, fantastic soundbank and presets of absolute beauty. Deep, mystical sounds, perfect to create musical atmospheres of great emotional expression. It will be a great pleasure to insert the sounds of Tantra in my next works."

(Peter Irock) www.peterirock.net
